CORPORATE ENCRYPTION

Send encrypted messages by email, URL, or SMS

Easily send and receive encrypted messages with **ExchangeDefender Corporate Encryption**. Communicate sensitive data with confidence using a powerful, user-friendly web interface that auto-detects confidential information, and offers users real-time reporting.

Omnichannel Delivery

Send encrypted messages to Contacts by email, web link, or sms text message.

Custom Policies

Create custom encryption policies with your favorite settings and reuse them on demand.

Real-time Reporting

Know exactly when the message was read (or printed, or forwarded) and by whom.

DESIGNED TO HELP YOU:

- Securely send and receive sensitive information
- Prevent accidental data leaks of company or client information
- Secure intellectual property
- Achieve data compliance for U.S and EU regulations

TOP FEATURES:

- Secure Admin Console
- Outlook Add-in
- Multiple levels of Encryption
- Read Receipts
- Password Protect & Auto-Destroy
- Revoke Access
- Reporting & Audit Logs
- Customizable Policies

KEY BENEFITS OF CORPORATE ENCRYPTION

Auto Detection

Auto-detects sensitive information like credit cards, social security numbers, and DOB.

Data Leak Prevention

Create custom rules to trigger security controls to help prevent data leakage.

Certified Delivery

Receive confirmation alerts when recipients access encrypted messages.
